REMINISCENCES OF OUR PIONEER DAYS

Gleanings From the Records Left By Men Who Laid the Foundation of Our County.

At the annual meeting of St. Peter's Parish, on the evening of April 14th, 1879, it was determined to take effective steps to secure a revival of interest in the work of the parish, which had been with out the services of a rector for a number of months, and during which time no regular services hab been held. At this meeting James Crow, the Senior Warden, presided and presented a rather encouraging report of the general condition of the parish, considering the somewhat discouraging surroundings. The report indicated that the parish was the owner of the property upon which stood its church and rectory, which property was entirely unencumbered, and that the parish was free from debt. At the meeting it was determined to secure a permanent rector at the earliest possible opportunity and in the mean time to begin the hold of regular weekly services. At this meeting the following were elected as vestrymen for the year: James Crowe, Norman Colt, B. F. Cooper, Frederick Whooten, T. M. Cook, Henry Harron, Frederick Eggers and Henry E. Heiner. At the same time T. M. Cook and James Crowe were elected as delegates to the diocesan convention, and Mr. Crowe was appointed a committee of one to secure a rector and to arrange for the holding of regular services. The following Sunday services were held in the church by Rev. Charles Spaulding, then assistant rector of Trinity Church of San Francisco. and a few weeks later Mr. Spaulding was induced to except the the rectorship of the parish, coming to the town with his family to reside in the early part of June.

For the first time in the history of the town, there was a genuine contest of a party nature developed at the municipal election. While at some of the previous elections there hsd been some little opposition to individual canidates, this was the first time two complete tickets for town officers had been put in the field by separate and opposing conventions. The first step in this direction was taken by what was then called the Workingman's Party, a mushroom state political organization, the strength of which was then serioosly on the wane. At a convention of this party, held on the evening of April 23d, the followinf ticket was placed in nomination: For trustees, John Rooney and Daniel Ford; town clerk, William Green; marshall, H. Grimmenstein; treasurer, G. Plump; street superintendent John J. Meany. For some of these nominations thare was a lively contest, the experiences of the previous year leading the members of this party to believe that the momination would be almost equivalent to an election. Evidently, however, the buisness men and better citizens were begining to get a little leary of this Workingmen's proposition, for within a week a mass meeting of citizens was held at which is was determined to place a citizens or nonpartisan ticket in the field in opposition. At this meeting, which was presided over by Dr. C. A. Kirkpatrick, a committee, composed of Justice Michael Welsh, J. C. Edgar, P. Cullen, D. W. Sampson, Albert Hanson, John Titus, P. P. Chamberlain, W. J. Tisdale and E. Cashian, was appointed to select a ticket. At a meeting a few evenings latter this committee selected the following as the non-partisan ticket: Trustees, George H. Rice and A. A. Davis; clerk, Stephen C. Leahy; treasurer, L. Jacobson; marshall, James Hannon; street supertendent, C. L. Gould. At the election, which was held on May 5th, the nominees of the Workingmen's ticket, with the single exception of H. Grimmenstein, the candidate for marshall who defeated James Hannon, by a small majority, were defeated by a practically two to one vote. That there was a general interest in the election is evident from the fact that 225 vates were cast.

REDWOOD CITY, CAL.

NEWS GATHERED FROM THE COUNTY

Interesting Notes Picked Up By Hustling Reporters in the Country Districts.

The annual statement of the South San Francisco Water Company, recently submitted to the City Council, shows that during the past year the business of that concern has been operated at a loss of over $4000.

The South San Francisco school trustees have made a readjustment of the teachers salaries. Under the new law the salary of the principal is fixed at $1680 per year, while the teachers will receive $840 a year instead of $75 per month for the ten months of school.

The City Trustees of South San Francisco have made a donation of $50 to the funds of the committee in charge of the Tanforan exposition site campaign.

A large amount of sewer work is to be done by the realty site owners at San Bruno Park during the coming summer. Both the Hensley Realty Co. and the Hensley-Green Co. have let extensive contracts for work in the fourth and fifth additions.

A cottage occupied by William Raven and owned by J. B. Douillard at Colma, was entirely destroyed by fire early one morning last week, entailing a loss of about $2,000. Lack of adequate facilities prevented the firemen from doing effective work.

The Excelsior Redwood Lumber Company of Burlingame, has leased a large tract of land in Easton, extending from the Southern Pacific tracks to the water front. Within a few days work will be commenced on the construction of a spur track and when the extension of the yards are completed the company will be in a position to have their material shipped both by water and rail.

Alvin S. Hatch, proprietor of the Halfmoon Bay Lumber Yard, has enlarged the office at the yard so as to permit of transacting all of the business at the yard instead of maintaining an uptown office.

The efforts of the San Mateo Woman's Club to secure a children's playground in that city is to bear immediate fruit. They have been granted the use of the corporation yard by the city council and have secured donations of a portion of the needed equipment.

The San Bruno Woman's Improvement Club, which some time ago undertook to assume temporary charge of the lighting of the main avenue of Lomita Park, is finding that it has a job on its hands. A number of the residents who agreed to make monthly contributions to the light fund of the Clubare proving rather backward about coming forward, and this makes a hard time rustling funds. In order to make up up the deficency the Club has been obliged to draw on its reserve fund, and as this is about exhausted, there is danger that they will have to give up the lights. The officers of the club have issued a final appeal for support in the good work.

Harry Simpson has the contract for the plumbing and sheet metal work of the new Halfmoon Bay High School.

Tony Perry of Halfmoon Bay has opened a shoe repairing establishment at that place.

Geo. Debenedetti expects to have his new San Bruno store ready for occupancy by the 1st of March.

It is understood that as soon as the Ocean Shore Railroad troubles are settled the Shore Line Investment Co. will start work on a new depot at Granada.

Plans have been prepared for a new club house for the Burlingame Country Club. It is estimated that the new building will cost between $65,000 and $70,000.

It is expected that work will soon be started on the building for the Steele Brick Works at Marine View.

CITY OFFICIAL PAPER

D. E. O'KEEFE, Editor and Proprietor

LETS BE UP TO DATE.

Street Superintendent Dickey should receive the commendation of every property owner interested in the welfare of Redwood City for his stand in favor of a moder system of sidewalks. This city has long outlived the time of makeshift walks, has passed the time when its people should be compelled to flounder ankle deep through the mud when going to or from their homes.

Nor should this long needed improvement be delayed by the foolish cry of expense. While it is not disputed that the initial cost of a good walk is slightly more than its temporary earth substitute, the least reasonbale consideration indicates that ultimately he best is by far the cheapest. While a properly laid concrete walk is practicably indestructable piece of work, the so called macadam walk is a constant source of expense in the way of repairs, as well as a veritable object of annoyance both to the property owner and his neighbor.

Further than this, every owner of property should have an especial interest in the general welfare of the city. For this reason, he should be ready to bear a slightly increased expense. But little public benefit is to be gained from well paved streets, if the appearance of these is to be marred by neglected or poorly constructed sidewalks.

GET READY FOR VISITORS.

The suggestion of Mayor Merrill made at the last meeting of the City Council that immediate steps be taken to beautify the appearance of the main thoroughfares leading into the city by the systematic planting of ornamental trees is a wise and timely one. During. the next few years this city will be inspected by thousands of visitors, many of whom will be influenced by the impressions gained in the selection of future home sites. We want some of these people who come to visit us to remain, and it is important that they be given a good impression.

Nothing can be suggested that will add so much to the attractive appearance of a residental city as well ordered streets. And tree planting is one of the most important features, and at the same time one of the least expensive, of these improvements. For a comparatively insignificant cost trees which in a few years will become a source of pride to the residents and envy to the visitors can be planted. And once the expense of planting is paid, the question of future growth is almost entirely a matter of a small amount of labor and care.

But, as suggested by Mayor Merrill, if anything of good is to be accomplished along this line there must be cooperation. Without unity of action the entire work will result in disappointment and failure of the intended purpose. Not only must intelligent care be taken in the selection of species, but there must be uniformity of method. In fact if the best results are to be obtained there must be some cultural and artistic direction of the work. This latter there should be no difficulty in securing without especial cost.

BUSINESS DISPOSED OF BY SUPERVISORS

Board Endorses Plan of Special Tax Levy for County Exhibit at Exposition.

The board of supervisors met Monday and transacted considerable routine business.

The regular order of business was suspended to hear the committee of citizens from South San Francisco.

W. J. Martin was the first speaker. He stated that a meeting of the representative citizens of the county was held last Saturday at San Mateo and that a committee was appointed to wait on the board and make known the wishes of the meeting. He introduced Geo. C. Ross who was chairman of the committee.

Mr. Ross stated that it was the unanimous wish of the convention that San Mateo county be represented at the coming 1915 exposition by an exhibit such as would be suitable to the county's wealth and importance. It was proposed to ask the legislature to pass an amendment permitting counties to levy a series of taxes between now and 1915 to raise the necessary amount for such displays. It was decided that San Mateo county could judiciously expend the sum of $50,000 on its exhibit and the committee asked the board to give its assistance in the undertaking by recommending to the county's representatives at Sacramento that legislation favorable to the plan be passed.

All the members of the board favored the scheme and on motion of Brown the following resolution was adopted:

"Whereas, the Congress of the United States has adopted a resolution in reference to the holding of what is commonly known as the Panama-Pacific Exposition, in the City and County of San Francisco, in the year 1915, and which resolution has been approved by Hon. William H. Taft, President of the United States; and

"Whereas, it is the judgment of this Board that it will be to the interest of every county of the state of California to be adequately represented by proper exhibits at such Exposition,.

"Now therefore, resolved that we recommend such legislation by the present session of the legislature as will give to the several Boards of Supervisors of the several counties of the State, authority to levy sufficient tax each year for the proper representation of each county of the State at such Exposition, thereby enabling each county annually, by a nominal tax rate to accumulate a creditable fund for its exhibit, and

"Resolved further, that a copy of the resolution be forwarded to Hon. J. B. Holohan, joint Senator from Santa Cruz county and this county, and to Hon. Henry Ward Brown, member of the Assembly from this county, with the request that they use their best efforts to have proper legislation enacted at this session of the legislature to enable the levy and collection of taxes for such purpose."

A communication was read from the supervisors of Alameda county protesting against Senator Wolfe's amendment to the State Constitution permitting San Francisco to annex adjoining territory.

C. M. Morse made a vigorous speech in opposition to the communication. He explained that the authors of the circular were deceiving the people, that they were opposing the progress of the peninsula. It was only a matter of justice to give San Francisco the power to annex contiguous territory, providing the people in said territory were willing to become a part of San Francisco. He said only politicians and a few newspapers opposed the measure. A resolution was adopted by the board approving of the Wolfe bill and instructing the San Mateo County representatives at Sacramento to vote and work in favor of its passage

A report was received from the Abstract of Title Company of San Mateo County informing the board that the West Union road, on which was located the damaged bridge complained of by H. C. Finkler, was a public highway.

The matter of repairing the bridge, which had been referred to Supervisor Brown, was left in that gentleman's hands.

District Attorney Swart stated that he had made inquiries regarding the furniture for the law library and had been informed by the contractors that the furniture had been shipped.

Mr. Swart also reported that he had conferred with the attorneys connected with the McEnerney suits lately begun in the county and the latter had agreed to provide the necessary maps to be used in the suits. It is possible that the cost would be a public charge as the law requires that such maps must be provided by the county.

Chairman McEvoy stated that he had conferred with the telephone company regarding the character of public telephone booth to be in-

ORDINANCE NO. 102.

An Ordinance regulating the establishment of Sanitariums or Hospitals wthin the limits of the Town of Redwood City.

The Board of Trustees of the Town of Redwood City do ordain as follows, to wit

Section 1. It is hereby declared unlawful for any person, firm or corporation to establish, operate or maintain within the limits of the Town of Redwood City, any sanitarium or hospital for the treatment of inebriates or for the treatment of any nervous or contagious diseases without first obtaining a written permit from the Board of Trustees of the Town of Redwood City.

Section 2. No permit required by the provisions of this ordinance shall be granted by the Board of Trustees of said Town of Redwood City, or if so granted, shall be valid for any purpose, unless the following conditions shall have been strictly complied with, to-wit:

Each applicant for a permit under this Ordinance, at his own expense, shall cause to be published in a newspaper printed and published in said Town of Redwood City, for not less than two successive issues of said newspaper immediately preceeding any regular meeting of said Board of Trustees at which said application for a permit will be made, a notice that said applicant will apply at the next regular meeting of said Board for a written permit as required by this Ordinance; said notice to be published shall be substantially in the following form:

"Notice af Application for a Sanitarium or Hospital Permit.

To whom it may concern:

"Public notice is hereby given, that in Accordance with the provisions of Ordinance No. 102 of the Town of Redwood City I (stating full name) will apply at the next regular meeting of said Board of Trustees of the Town of Redwood City, to be held on (stating day, month and year) at (stating time) of said day, for a permit to establish or operate (stating sanitarium or hospital for what purpose) under the terms of said ordinane at (stating place, street and number where possible), at which time any and all persons are invited to appear and show cause. If any they have, why said application should not be granted.

(Date) (Signature of Applicant.)

Proof of due publication of said Notice must be made by affidavit of publisher of said newspaper showing dates when such publication was made,

Each applicant shall also file with the Clerk of said Town of Redwood City at least five days prior to any regular meeting of said Board, at which such applicant desires to be heard, a written application to said Board of Trustees for a permit that is herein required, which said application shall state and set forth:

First:—The name and residence of the person or persons, each member of the firm, and each stockholder of the corporation, making such application.

Second:—The particular class of business to be conducted.

Third:—The place where said buisness is to be conducted.

Said application to be so filed as aforesaid shall have upon the face thereof the written approval or non-approval of the Health Officer of the Town of Redwood City.

Section III. Any person or persons, may appear at the meeting of said Board of Trustees at which any application is to be heard, and file a protest against, and be heard in opposition to the granting of a permit to said applicant.

Section IV. Any permit granted by the Board of Trustees of said Town of Redwood City under the terms of this ordinance may be revoked by said Board of Trustees if it shall appear that the public interest and necessity will be better served thereby.

Section V. Any persons, firm or corporation who violates any of the provisions of this ordinance shall be deemed guilty of a misdemeanor and upon conviction thereof shall be punished by a fine of not more than one hundred ($100) dollars or by imprisonment for not more than three (3) months or by both such fine and imprisonment.

Section VI. All ordinances or parts of ordinances in conflict with this ordinance are hereby repealed.

Section VII. This ordinance shall be published once in the "Times—Gazette" a weekly newspaper published and printed in said Town of Redwood City and shall take effect and be in force from and after its passage.

Introduced this 6th day of February, 1911.

Passed and adopted as an ordinance of the Town of Redwood City by the Board of Trustees of said Town at a regular meeting of said Board held on the 20th day of February, 1911, by the following vote:

WILL DEMAND MORE SANITARY PLUMBING

City Council Adopts Ordinance Providing Strict Regulation of House Drainage.

The man who thinks he can beat the plumber by doing his own work will be compelled to choose some other location than Redwood City in the future. The city council has decreed that hereafter all work of this class must conform to scientific sanitary requirements and must be installed by men who have satisfied the board of health of their competency to take charge of this important item of the builder's art. And even when done by workmen operating under the license of the Board, the work must conform to a strict line of general specifications in which the method of work and character of material to be used is plainly set out. Nor is that all, when completed along these lines, the work must receive the sanction of an official inspector before it can be accepted.. All of this is fully set out in Trustee Sampson's "Plumbing Ordinance," which was adopted at the meeting of the city council Monday evening.

A full board was present when Mayor Merrill called the Council to order, although Trustee Brown had not fully recovered from his recent illness and was compelled to retire before the business of the meeting had been fully compelted.

The usual monthly report of the city officers were presented and approved.

According to the report of Treasurer Towne the receipts of the general fund, all from collections by Marshal Coleman were as follows:

Taxes	$671.30
Licenses	70.00
Water connections	19.95
Sewer connections	60.00
Roller hire	4.00

During the month the total expenditures amounted to $4362.71, leaving a deficiency in that fund of $3537.46. The expenditure from the library fund during the month amounted to $275.16, leaving the fund with a balance of $1164.72 on hand. Local improvement district No. 14, work on which was reported to be practically completed, still has a balance of $1164.72 on hand. Local improvement district No. 14, work on which was reported to be practically completed, still has a balance of $6085.12 to the good.

Apparently there will be no lack of aspirants for the job of plumbing inspectors created under the new ordinance. Although the ordinance had not yet been adopted Clerk C. Plump had in hand when the session opened an application from C. Barton for the position. This was placed on file until such time as the trustees were ready to pass out the plum.

In a lengthy but rather indefinite complaint Martin Kuck gave a new start to the question of the responsibility of owners of property for the loss of water occasioned by leaky pipes on their premises, with the result that a final determination has been reached by the city authorities that there is to be no more dallying over the payment of water bills. Street Superintendent J. C. Dickey was directed to see that meters are installed on all service pipes, and Marshal Coleman was instructed to insist upon the payment of bills as shown by these meters. Thus it is hoped to put an end to the loss which has been incurred in the operation of the city water plant.

Trustee Hynding reported that an inspection showed that it would be necessary to remove a number of trees from the right of way before the work on the extension of Phelps street could be done, and suggested that offers for the work be called for. After a discussion of the situation, Trustee Hynding was given authority to employ City Engineer J. V. Neuman to make an accurate survey of the proposed street and to set line and grade stakes. After this is done he will determine the number to be removed.

Street Superintendent Dickey announced a plan ultimatum in favor of modern sidewalk improvements for the city streets when he asked for an extension of time in which to report upon the walks which were in a neglected condition. The reason given for the desire for further time in the preparation of the list was the fact that a number of owners of property were voluntarily laying concrete walks. At the same time Superintendent Dickey plainly intimated that he should recommend nothing but concrete walks for improved streets as he considered these to be not only an advantage to the city but an improvement of value to the property which would more than offset the extra cost.

Trustee Hynding again brought up the matter of the pending amendment of the merchants license law. President D. R. Stafford of the Board of Trade, who was present, stated that the board would be glad to confer with the council in the making of a schedule, and the question was referred to finance committee to meet with the Board of Trade and determine upon satisfactory rates.

Chairman Merrill suggested that this was the best time to act in the work of making the appearance of the city more attractive in view of the large influx of visitors incidental to the Panama-Pacific Exposition, and as a start in this direction suggested that trees should be planted upon the sides of the main thoroughfares leading into the city, especially from the Finger bridge down Stafford and Arguello streets. Street Superintendent Dickey volunteered to interview the owners of property and to endeavor to secure concerted action and the matter was left in his hands.

Trustee Sampson believes that he has at last found a solution of the stray dog and stock nuisance, and the remedy is to be given a trial "regardless of expense." In urging the plan, Trustee Sampson reported that if the salary of poundmaster was increased from $20 to $25 per month John Cofiori would accept the position and proceed to go after the nuisance. While Trustee Hynding was decidedly opposed to increasing the salary budget holding that the salary list had already been put up to the limit of the city exchequer, he admitted the necessity for some action that would bring results, and the motion to make the oppointment at the increased salary was carried. The new poundmaster will commence operations on March 1st.

An ordinance was given its first reading and introduced, providing for a discontinuance of the practice which has been followed for a number of years, of having the making of the assessment of municipal property made by the county assessor. In order that this matter may be finally disposed of before the 1st of March, the ordinance will be given further consideration at an adjourned meeting next Monday evening.

Street Superintendent Dickey reported that a number of the residents of the Woodside district desired that a light be placed on the Woodside road at the corner of the cemetery. Again Trustee Hynding came in with an objection to the disposition to demand a constant increase in expense which was draining the city funds and hampering necessary work, and Trustee Beeger, chairman of the street lighting committee expressed the opinion that it was bad policy to attempt to provide lights for country districts while any portions of the city were in darkness, and the recommendation of the street superintendent was passed without action.

The new plumbing ordinance and the ordinance regulating the maintenance of hospitals and sanitariums were both given second readings and finally adopted.

A Notable Wedding.

There was a crowd of guests Thursday evening at the wedding of Miss Florence Blanche McLean and Nelson Baker Lansing that took place in St. Luke's Episcopal church, San Francisco. The ceremony was performed by the Rev. Edward Morgan. The bride's gown was white satin elaborated with rare old lace and she carried a shower bouquet of lillies of the valley. She was escorted to the altar by William A. Chipman and was given in marriage by her aunt, Mrs. Timothy Guy Phelps. The maid of honor was Miss Ethel McLean, a sister of the bride, who wore a gown of pale green messaline embroidered in gold. The four bridesmaids—Miss Margaret Witter, Miss Edna Hayward, Mis Marian Lally and Miss Bernice Harrell, wore similar gowns of ping marquisette. Melville Bowman acted tas best man at the wedding and the ushers were Cleighton S. Shriner, James C. Dell, Geo. Dunn and Derwent Kennedy. A reception at the Bellevue for 60 guests followed the ceremony at the church. Mr. and Mrs. Lancing are going south on a brief wedding journey, but will sail March 15 for their home in Honolulu.

Local Men in New Enterprise.

W. W. Beeson who was home for a couple of days, has returned to Mariposa county, where he is superintending the building of a gold dredger. The company is composed of local men, G. F. Gray of the Redwood City Lumber Co. is president and K. H. List, treasurer. They have leased two miles of the Merced river, which is said to be very rich, tested the same thoroughly by sending down a diver and taking up buckets of sand, all of which showed plenty of gold. This material is handled by means of a suction pump, which is something new in the way of mining. On other boat in which these gentlemen are interested operated very successfully on the Sacramento river just above Redding last season and will operate again this season at the same place. The members of the company are all very enthusiastic over their prospects and expect to have the new boat in operation by the first of April.

After the Speed Burners

Supervisor P. H. McEvoy has appointed T. A. Martinstein, manager of the Holmes Garage of this city, motorcycle patrolman for the Third township. He is to trail all autoists and to see to it that they do not exceed the speed limit. He is to receive a compensation of $7.50 a day and fuel expenses. Mr. Martinstein was the first motorcycle patrolman appointed in San Francisco and has had a wide experience in dealing with motorists who delight in violating the law. All offenders will be promptly arrested by him.

The machine was going at a high rate of speed and on turning the corner it skidded and turned over. One of the men was severely injured and was taken to the hospital at Palo Alto. The other occupants escaped uninjured. The party evidently had been out the night before on a "time" and were on their way to San Jose. All were under the influence of liquor. They refused to give their names and concealed the number of the machine, but Marshal Coleman made them disclose it. The number is 41360 and according to the directory issued by the secretary of state every month is owned by Paul Shulz, 177 Hancoc street, San Francisco. One of the party remarked the "joy rides did'nt pay." From the appearance of the machine it may easily be imagined that he was about right.

E. W. Hopkins will move down from the city on the first of the month. He will be the first of the wealthy residents to close their urbans homes.

Miss Mamie Roche is here from San Francisco to spend a few days with her sisters. She will graduate as a trained nurse from St. Francis hospital in May next.

A decision in the liquor case is expected early next week as the judges of the supreme court have announces that they will clean up their calendar by the first of next month.

The electric lamp in front of the Menlo Pharmacy was broken during the week by small boys playing ball on the streets and there has been no light in that part of town since.

E. J. Pringle Sr. and family are here for the summer occupying the E. J. Pringle Jr. home at Fair Oaks. Young Mr Pringle leaves on the first of April for an extended tour through Europe.

William Burke has bought three acres of land in Lindavesta Park on which he will build a fine home in the near future. The sale was consummated through James D. O'Kane, real estate agency.

The young men of the village will give a dance in Duff & Doyle hall next Monday evening. As this will be the last dance before lent it promises to be well attended and to be a pleasant, social event.

Incorporation is being talked of in all quarters of the town and the proposition has many champions. It is the only means by which the village will ever grow and the only way in which the law can be enforced.

William Warren has leased a saloon business on the corner of Sixth and Stevenson street, San Francisco and has opened the place. It is understood a few other saloonmen in town are about to seek resorts in the metropolis.

Frank Kirkpatrick has sold his three acre tract in Lindavista Park to Mr. Morehouse, the well-known contractor and builder of San Francisco. Mr. Morehouse intends to erect a handsome home on the property this summer.

Mr. Fleishhaker has bought a piece of property at Woodside on which he will build a twenty-five thousand dollar residence this summer. He is a wealthy banker of San Francisco and a brother of Mr. Fleishhaker of Fair Oaks.

Mrs. G. Broggi and her two pretty daughters entertained several guests at luncheon on Washington's Birthday. It was thought that some interesting announcement would be made on this occasion, but as there was none it is likely it will be made after lent.

The Menlo Park dramatic society is making active preparations for its performance in Parochial hall on St. Patrick's eve. "Handy Andy" is being rehearsed every night so that the performers will be prepared to present that humorous sketch in a manner that is sure to evoke applause. It is rumored that choice talent will render vocal music between the acts.

At a meeting of the Cemetery Association held in Redwood City last Tuesday it was decided to proceed with the taking up of subscriptions to the Cemetery fund, immediately. It was reported that the treasury was almost depleted and that consequently something should be done to continue the services of a sexton in the long home of so many of our people's dead. The secretary was instructed to communicate with the committees in the various districts and request their cooperation in replenishing the Cemetery fund.

The residence of Mr. H. P. Brown, of Fair Oaks, was entered last Friday night while the occupants were absent in San Francisco, by burglars who carried away silverware an jewelery valued at $1,000. Among the missing articles are eight uncut pearls, a locket attached to a gold chain,, four dozen silver spoons, three silver salad dishes, one silver cup, one silver pickle dish, silver ornaments and two gold stick pins. Mr. Brown is the confidential agent for the Andrew Walsh Company of San Francisco and maintains an elegant home at Fair Oaks. His daughter is attending Stanford.

Smokers Take a Back Seat.

The Southern Pacific Railroad Co. has decided that hereafter men shall take a back seat in so far as its cars are concerned. The company on Thursday began running its smoking car to the rear of all trains instead of next to baggage car. These coaches are of the old make and would not stand an impact in case of an accident as would the new steel cars. All smokers like the change and hope it will be permanent.

Action No. 3918.
M. S. Blanchard, attorney for plaintiffs, Foxcroft Bldg, 68 Post St., San Francisco, Cal. Telephone Douglas 1794.
The People of the State of California:
To all persons claiming any interest in, or lien upon, the real property herein described or any part thereof, defendants, greeting:
You are hereby required to appear and answer the complaint of the above named plaintiffs filed with the clerk of the above entitled Court and County within three months after the first publication of this summons, and to set forth what interest or lien, if any, you have in or upon that certain real property or any part thereof, situated in the County of San Mateo, State of California, particularly described as follows:
All that certain parcel of land situate, lying and being in the County of San Mateo, State of California, and more particularly described as follows, to wit:
All that certain portion of lots numbers eighteen (18), nineteen (19), and twenty-four (24) of the West End Homestead Association, situate, lying and being in the said County of San Mateo, State of California, excepting only that certain portion of the following described lot, piece or parcel of land, lying and being in said County of San Mateo, State of California, namely:
Commencing on the northerly line of Brunswick Street distant thereon three hundred and six (306) feet westerly from the corner formed by the intersection of the westerly line of Oliver Street and the northerly line of Brunswick Street, and running along said northerly line of Brunswick Street westerly twenty-five (25) feet; thence at right angles northerly two hundred and thirteen (213) feet; thence at right angles easterly twenty-five (25) feet; thence at right angles southerly two hundred and thirteen (213) feet to the said northerly line of Brunswick Street and the point of commencement.
Said last described lot being a portion of said above mentioned lot number eighteen (18) of said West End Homestead Association.
Together with all the improvements thereon and appurtenances thereunto belonging or in anywise appertaining.
And you are hereby notified that, unless you so appear and answer, the plaintiffs will apply to the Court for the relief demanded in the complaint, to-wit: That it be adjudged that the plaintiffs are the owners of said property in fee simple absolute; that their title to said property be established and quieted; that the Court ascertain and determine all estates, rights, titles, interests and claims in and to said property, and every part thereof, whether the same be legal or equitable, present or future, vested or contingent, and whether the same consist of mortgages or liens of any description; that plaintiffs recover their costs herein and have such other relief as may be meet in the premises.

OFFICER JUMPS OFF TRAIN AND IS FATALLY INJURED

Deputy Sheriff Antone S. Quilla of South San Francisco jumped from the Del Monte express train to the platform at the station in that city Friday, shortly after 12 o'clock noon while the train was traveling by at a speed of about thirty miles an hour, which resulted in his striking the hard pavement on his head and shoulders and fracturing badly the back of his head. Before Quilla jumped, Baggageman Wagenknecht, who was standing on the platform, warned Quilla with motions of his hands not to jump.

Quella made the leap, hitting the ground with his head and shoulders and rolling in a partially conscious mass half the length of the platform. Wagenknecht rushed to his aid and after pulling away the official's tattered garments, found that Quilla's head was crushed in. Aid was summoned, Quilla was treated by Dr. H. G. Plymire and then carried to the Red Cross Guild hospital at San Mateo in the physician's motor, where the injured man lingered until early Sunday morning when he died without regaining consciousness.

Friday morning, Quilla took an early train to this city where he swore to a warrant charging City Marshal H. W. Kneese of South City with disturbing his peace the night before while they were in a spirited argument over a question of official authority in the matter of closing saloons at 11 o'clock.

Quilla's overanxiety to serve the warrant on the marshal is supposed to have been the cause for his foolhardy attempt to jump from the express train.

The deceased official was a native of Halfmoon Bay, aged 35 years. He is survived by a wife and daughter and an aged mother. His body was taken to Halfmoon Bay yesterday for burial. Quilla is spoken of most highly as a citizen and an official and the deepest sorrow is felt on account of his death.

NO REASON FOR IT

When Redwood City Citizens Show the Certain Way Out.

There can be no just reason why any reader of this will continue to suffer the tortures of an aching back, the annoyance of urinary disorders, the dangers of kidney ills when relief is so near at hand and the most positive proof given that they can be cured.
Read what a Redwood City citizen says:
Fred Hassler, 101 Stambaugh St., says: "My kidneys were badly disordered and the kidney secretions were unnatural. Knowing that difficulties of this kind often resulted seriously if allowed to go unchecked, I was anxious to get relief. Seeing Doan's Kidney Pills highly recommended, I got a box at F. A. Ryan's Drug Store, and after use completely removed the symptoms of my trouble. In July, 1907, I publicly testified in favor of Doan's Kidney Pills and at this time I gladly confirm that statement. During the past two years, I have been free from kidney complaint. This fact justifies my speaking more highly than ever of Doan's Kidney Pills."

Uncle Sam evidently has not had a very prosperous year and will have to economize some in order to catch up. To all those who find it necessary to economize, we suggest that they patronize this laundry. If we cannot please you with the method of our laundering, there's no laundry that can please you. The work we do is recognized as being as near perfection as it can be made.

You Pay for the Sand on Roofings

When you are offered a ready roofing which is coated with sand, mica, or pebbles, you can make up your mind that you are paying roofing prices for the coating.
For such coating does not help the roof. It is merely a "talking point" to make the roof seem different from what it really is.
Such coating, in fact, is a detriment. For it washes off after a few rains, leaving a roughened surface on the roofing, and choking up gutters and drain pipes.
The reason why coated roofings are offered you is because there are 300 substitutes for the genuine Ruberoid, all looking much the same.
By adding sand to the roofing, it is made to appear different—that is all. And you pay for a mere selling feature, when you ought to be getting roofing value.

The First Ready Roofing

Ruberoid roofing has never been coated. It is the original ready roofing by several years.
The secret of its wonderful properties lies in the Ruberoid gum which is used.
This gum is an exclusive product. No other maker can use it. It is this gum which makes Ruberoid heat proof, cold proof, snow proof, rain proof. Resistant to acids, gases, and fumes.
It is this Ruberoid gum which makes Ruberoid so good a fire resistant. You can throw burning coals on a roof of Ruberoid without danger of setting fire either to the roofing or to the timbers underneath.
It is this exclusive Ruberoid gum which makes Ruberoid flexible enough to stand the strains of twisting and bending which every roof must bear.

Seventeen Years of Service

The first Ruberoid roofs ever laid—seventeen years ago—are still flexible, still weatherproof, due to the life of this wonderful gum, which is used in no roofing but Ruberoid.
Ruberoid roofing is suitable for any building—from a woodshed to a large factory or public building.
It also comes in attractive colors—Red, Green, Brown—for use on fine homes.
But before deciding on any roofing, for any purpose, send for the free book, "All About Roofings."
This book tells what has been learned in twenty years of roofing tests. It gives the advantages and the disadvantages of shingles, tin, tar, iron, and ready roofings.
It is a gold mine of practical information. To get this valuable book, simply address us.
RUBEROID
(REGISTERED IN U. S. PATENT OFFICE)
Be sure to look for this registered trademark which is stamped every four feet on the under side of all genuine Ruberoid. This is your protection against substitutes which many dealers brazenly sell as Ruberoid. Ruberoid is sold exclusively by us. We will tell you more about Ruberoid when you send for the free book.
